

"I was transferred to Courtyard Care Center for my rehabilitation. The staff remained encouraging, with a positive decorum at all times. It is my belief that superlative standards transcend through the staff with an unmatched level of compassion, care and benevolence for each resident."

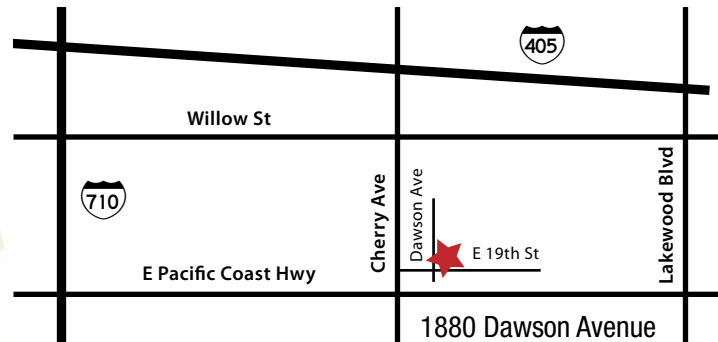

Highest regards,
Matt Puccio

"My Physician, highly recommended Courtyard as the best facility in the area to offer expert physical therapy. I cannot say enough about the productive experience I enjoyed during my stay at Courtyard. Walking out on my own from the facility on my last day was joy I'll never forget. It's a good feeling to have them tell you, "You can do it," and find after their special instructions that you can honestly say to yourself, "Yes, I can!"

Sincerely,
Conradita I. Gutierrez
